

Advances In Technology

NAIW (International) knows that keeping current with today's technology trends is very important to our members. NAIW (International) uses the latest technology to:

- Improve Quality and Service
- Increase Productivity
- Maximize Membership Benefits
- Increase Visibility in the Industry

NAIW (International) is consistently working to provide current information and industry trends on our web site, www.naiw.org. The web site gives members the opportunity to go online and collect tools and resources they need to maximize their membership.

The new online NAIW Career Center allows members to search for jobs in their field. It also allows them to confidentially post their resumes for potential employers to review.

Our web site, www.naiw.org, now provides members the option of renewing and paying for membership online. We have also enhanced our online store to make it more user friendly, and as a member, you can also change your membership information online at any time.
